Sprint 1 retro document: a short description of what you did well, what did not go well, and what could have been done better in Sprint 1.

What went well

- good progress
- meetings on time
- brainstorming ideas

What did not go well

- unclear responsibilities
- lack of communication on who was doing what

How to do better

- divide up responsibilities in a way where one person is not depending on another to progress
- assign people on zenhub for tasks
